General Report Comments: I met the owner, Mapeseka Bigirinam, of the dogs at the reported address. She opened the gate for me to look at her dogs' living conditions. She owns 2 adult dogs, which appeared to be in acceptable physical condition. A bucket of potable water was available. The owner admitted that the dogs ran out only when one of her tenants was driving out and was helped by one of the security patrollers. The yard had an enclosed courtyard that advised them to use in cases of fully opening the main gate to avoid the dogs from running out. No offenses in respect of animals found
