General Report Comments: I found one of the workers, a gentleman named Mr Gift Jere, who granted me access to the house where I found 3 dogs in acceptable physical condition; 2 mini sized(a Peke and a Morkie) and a large-sized German Shepherd dogs. The dogs were kept separated within the yard. Water and shelter were provided. The separated sections were adequate in providing running space for the dogs. THe owner later arrived back home and he explained further that the dogs (small ones) sleep inside - cage-trained and the bigger dog sleeps outside in a weatherproof dog kennel. No offences in rspect of animals found.
