General Report Comments: The animals were found in good condition. They had shelter. The rabbits had some kennels provided as shelter. I had to educate the owner that she needs to build a 3 sided shade and be bigger so that they won't fight. The rabbit food was a lot and was provided. The owner told she never had shortage of rabbit food. She agreed that her 4 young rabbits died and she suspected the weather rain as the rabbits barrow and water goes in. The chickens were provided with chicken coup. The sheep,goats and pigs had food and shelter provided. The guinea pigs were put together with rabbits.
