Comments:	The owner of the house/landlord, Mr Henry Okichi was already aware of the dog's situation by getting home shortly prior to the time of my arrival. I spoke to the owner of the house who said the dog belonged to one of his tenants. He attempted to call them so I can speak to them as he's been telling them to be mindful when leaving or entering the house but the dog owners were not home. He took a picture of me and the vehicle to send a warning message to the owner of the seriousness of the situation
