CHECKLISTS

General Report Comments: Nobody was at home when I knocked at the gate I could still see 3 large dogs in the yard from the gate with fly-bitten ears and being irritated by flies. There was a fly infestation in the yard with a grassy yard that may need trimming to control flies and parasites. I left a warning note for the owner to contact me within 24 hours. I requested Inspector Siziba to take over the case because it was his area of operation and he had been to the house previously .
