General Report Comments: There was one at the house that I found tied up on tied up to a couch frame place in the veranda(porch) and they claim that they were tying up the dog because he keeps escaping through the gate everytime someone opens the gate. The veranda was not adequately sheltered from rain the place was also dirty and untidy. They were also running an informal chicken selling and slaughtering operation - refer to Ref # PBHO17124 for details. They immediately moved to a relative house at house no. 25 York Street, Berea that belongs to MaMoloi Moloi. I found 3 more other dogs and 9 puppies at this house. 2 of the dogs were kept in a dirty, passageway and a bitch with a 7 newborns in a sheltered place. They are fed bones from the local fast food street marketers but don't clean out the leftovers. This attracted flies as a result. She was forced to surrender some of the her dogs and she give up 2 of the juvenile puppies. I told that she needs to clean the place and keep it hygienic. I issued her with a warning to solve this issues she now owns 4 dogs and 7 newborn puppies
