General Report Comments: Upon arrival the dogs appeared to be in good condition but they belong to the tenant who was at work. The concerns were about the cats which had some fleas . The owner she denied selling the kittens and did not want to surrender them to the SPCA. I educated her regarding sterilisation and she told me she is going to take the mom cat to Germiston for SPCA were the male was done . I have her a warning to provide the cats with treatment for fleas or take them to the vet.
