CHECKLISTS

General Report Comments: I found a gentleman named Justin Obiora, who said the house belongs to his brother, who was not around at that time. He called his brother, who said he is only available after 5 pm if I want to see him. They both admitted to the dog running into the street when they going in and out of the yard. He did not want me to look at the dogs without his presence and that I should come around he is available.
