General Report Comments: The actual owner, Mr Tebogo Gafane, was not home yet, but his cousin, Ms Stephina Gafane opened the gate for me to examine their dogs' living condition. They own 4 dogs, 3 males and a female. The dog had water, but the shelter was inadequate - a lapa blocked with pallets on only 2 of its sides. Faeces had not been cleaned for a while in the yard. The older male was kept in front while the rest of the 3 dogs were at the back. No dog was found on a rope or chain. One of the male dogs was wounded on the left cheek from fighting with the other male, according to Stephina. I issued a written Warning to them to clean for the dogs and keep their living place and exercise hygiene. To follow up in 48 hours
