General Report Comments: Upon arrival the owner of the property was not found. I knocked at the gate and i only had the dog barking. The dog was found chained next to the gate. I could not see it clearly as the gate is solid. The dog was chained with a rope. The dog had a wooden kennel. There were some bowls and I could not see if there was water or not. I had leave a warning note for the owner to unchain the dog so that the dog can roam freely around the property. Also the owner to contact me.
