CHECKLISTS

General Report Comments: I was not able to gain entrance into the house. I also couldn't see the dogs in the yard from the gate. I phoned owner, Dr Anthony Samuel who said he was not in the country. He said no one is allowed to his house with if he is not present and I should wait for him to come back on Friday 18th of April. I told him I needed to see his dogs after a complaint has been lodged to us as it couldn't wait for that long. He refused to allow me access to his house over a WhatsApp call. I explained to him that it would be in his best interest to give me opportunity to look at his dogs' living condition. I politely tried to ask him to really think about this before being dismissive. I also tried asking the neighbours around and managed to get his wife's number and tried calling her as well but she never answered my calls. I left a written Warning for the owner/occupier to contact me within 24 hours to arrange a meeting and informed Dr Samuel on WhatsApp
