CHECKLISTS

General Report Comments: After I've had no response from the owner I went back to house. Access was still denied. Dr Samuel phoned me on WhatsApp while I was at the gate after he was alerted by his kids that I was at the gate. He asked me "Why are you at the gate? Are you after my life?" but I told him that I was interested in the wellbeing and welfare of the dogs and carrying out my duties. He said if I break into his house he'd hold me responsible for it. One of the his named Lesego came to the gate and told me that her mother was not home and she left with keys for the gate. I still tried heer once again but she never answered. I left another Warning for her to contact me within 24 hours.
