CHECKLISTS

General Report Comments: Upon my arrival, I met with Mr. Anastassopoulos the owner of the dogs. I inquired about the nature of the complaint and he informed me that the dogs:- Pitbull female Spayed Tan 12months Erys & Kobe Pitbull Tan Male 12 months are not neglected and are not being used as security guards. I requested to see the dogs but I was told that they had been moved because one of the dogs had fallen from the 3rd story balcony. When I asked why the dog was there I was informed that they used to stay there previously. I requested to see were exactly the dogs used to stay the owner of the dogs asked his assistant Miss Masinga to show me the place since his going to the meeting. I was not impressed were the dogs had been kept top of balcony, since the place posing a significant risk to the safety of the dog and I issued a warning to the owner which was accepted by Miss Masinga.

The dogs have now been relocated to 52 2nd Ave Houghton. However the dog that fell from the balcony is still admitted & receiving treatment at Bryanston Vet Care 24 hours a day. I called to follow up with Bryanston Vet Care to check if the dog was indeed admitted and I spoke with Mandy who confirmed that the dog is admitted but could not provide details about the dog's history. She assured me that she would pass my message to the veterinarian.

On the 23 April 2025 I went to Bryanston Vet Care to follow up on the dog, but I was informed that the dog would be undergoing surgery and that I would not be able to see it. I requested a vet report to be emailed to me which is attached. A follow-up will be conducted once the dog is discharged and I will check on both dogs at Houghton
