CHECKLISTS

General Report Comments: Upon arrival the security directed me to the manager. The manager of the construction MrJabulani Madi told me they already received some complaints from the neighbours and they already suspended the project 2 days back. I asked him to show how the machine works and he told me they returned the machine where they hired it because it cost them money and they are not using it. He told me the machine makes sound like fireworks so that the birds will run out of the building and they are not yet finished putting the roofing.

ACTIONS

NO ACTION REQUIRED
