General Report Comments: The owner was found at his house and invited me inside to check up on his animals. He owns 2 cats and an 15year-old, black & tan, spayed female, Cross breed dog named "Socks". The cats appeared to be in a acceptable condtion. Mr Tewater said he had someone (social worker) calling on his behalf for us to come and help take his dog as he was not able to able to care for her ("Socks") and her health complications - tumour growth on the abdomen. He then asked to take the dog to be put down due to these circumstances and he donated the rest of the dog food. The cats(both spayed) were provided with basic needs.
