General Report Comments: Upon arrival the dog appeared to be sick and underweight. It was weak and staggering when walking. I spoke to the mother of Sello and she told me that the owner of the dog is at work. I asked them if they have taken the dog to the veterinary and she said they didn't. She contacted Sello and he denied putting down the dog and I asked him that his mother takes the dog to the Sandton SPCA to be checked. Mother (Mamolefe) agreed. I left the property at the same time with her taking the dog to the Sandton SPCA.
