General Report Comments: Upon arrival, I met with the property owner, introduced myself, and explained the nature of the complaint. The owner informed me that there are currently no frogs on the premises. They clarified that frogs had previously entered the property from the nearby river but were subsequently returned to the river.
I conducted an inspection of the property and did not observe any frogs in the yard. The only animals present were two dogs, both adopted from the SPCA. The dogs appeared to be in good physical condition.
