CHECKLISTS

General Report Comments: I met the owner's fellow tenant, who lives in the main, and he stated that the dog owner stays at the back, and the fellow tenant does not have access to the back. I phoned the owner, but his phone rang unanswered. When I phoned the girlfriend, she said she knew nothing about the situation. Later on, I phoned the complainant, who was the dog owner's sister. She said she is at work and her brother should be in the house, but she could come when I go back to her house if her brother does not get back to me. To follow-up
