General Report Comments: Th dog was found with a broken left hind leg. The owner was not at the property. I had to contact him and he told me he is at work. He checked for his puppy in the morning before he went to work and he didn't find it. I told him his dog has a broken leg and he told me he will take the dog to the vet. I had to leave a warning note for the owner to take the dog to the vet.
