General Report Comments: The owner was not found in the property. We knocked on the door but nobody opened the gate. We had to wait for the police to come and help with executing the warrant but it took them 3 hours to arrive. The brother of the owner of the property had to open after the police had arrived. The sheriff was only checking what they can sell if the owner of the property does not pay the money he owes. The dogs appeared to be in good condition. No welfare concerns were observed. The brother had to take the dogs to the back yard for the sheriff and the policemen to do their duties.
