CHECKLISTS

General Report Comments: Upon my arrival, I met with Mr. Ulisses Soares and introduced myself as Inspector Xolane from the Sandton SPCA. I explained that I am currently conducting an investigation into the poisoning of dogs in the area, and that it had been reported that his dogs were among those affected .

Mr. Soares confirmed that his two dogs had been poisoned and, sadly, both had passed away. He advised that no case had been opened with the authorities and that the dogs were buried in the yard.

I expressed my sincere condolences for his loss and acknowledged how distressing such an incident can be. I then explained the importance of reporting the matter to the police so that it can be properly investigated and justice can be pursued. I also provided guidance on the correct handling of poisoned animals, advising that they should not be buried in the yard due to potential health and environmental risks in future. The dogs were poisoned on the 24 Feb and ownner saw the dogs dead on the 25 Feb early in a morning. He does not have any animal anymore
