| VETERINARY PROBLEMS / HEALTH CO | No                                                           |
| CONFINEMENT OF ANIMALS          | Static Chain - inadequate length ** Scared it will bite kids |

General Report Comments: The dog was fine chained with a chain which is 1 metre long. The reason for chaining is he is afraid the dog will bite children and he chains it during the day and at night he removes it. I educated him regarding making a running chain and also warning was issued
