General Report Comments: The cat was found in good condition. No welfare concerns were observed. The only concern was that the neighbours and the landlord did not want in the building and i asked the owner she told me that she already spoke to the person who gave her the cat and she wants the cat back. I spoke to her regarding sterilisation and she told me she already spoke to my colleague inspector Senzo who promised to do that when the kittens are 6 weeks old. She promised to remove the cats before the 8 may 2026 and i had to give her a warning to confirm that .
