General Report Comments: The dogs were found in good condition . They had food , water and shelter. No welfare concerns observed.. I spoke to the owner regarding the dog biting the step father and he told me that the dogs had to bite him because he was beatng his mom and the mom was screaming for help and when jumped out through the window the dogs had to biote him thinking tha he was a stranger. I asked him to surrender the dog since its aggressive and he denied to do so because the dogs protect her mother from the husband who is abusive. The mom told me that she had opened the cas os and also have done a protection order against the husband who is abusing him.
