CHECKLISTS

General Report Comments: The security guard at the complex phoned the owner his property of the property and i had to speak to the owner. He told me that he can not open for me because the Sandton SPCA was at his property the month before and he will need to know who is the complainant before he opens for me. I told him that i am doing the welfare check in the complex. He told me that he has a protection order and he knows who keep on asking the SPCA to harass him. I had to contact I had to contact Senior inspector Janette Muller from the NSPCA and she told me to send the previous inspection report which was done by inspector Xolane Mncube because its the same person who reported the matter since it is a sensitive matter.
