General Report Comments: 4 small dogs were found in the property and they appeared to be in good condition. The chihuahua appeared to be old and I educated the owner that he needs to prepare himself regarding putting the dog down. The owner did agree that her dogs bark when he is leaving the property but not for a long time and when they see stranger and that's not excessive barking. They have reported him to the security officers who work in the complex and they came to check and told him that they don't bark excessively.
