General Report Comments: The dog was found in good condition. No welfare concerns observed. The worker told me that the dog only went today. It's not an everyday thing and the dog went out because the owner of the property was driving out. I contacted the owner and she told me the same thing. I educated her that when going out they need to be careful and also educated regarding sterilisation and they agreed to be done tomorrow 16 September 2026.
