General Report Comments: The dogs were found inside the property and appeared to be in good condition. The owner did agree that her dog went outside by mistake when she was opening to take the dustbin out and there was a neighbour's dog by the gate which is always locked outside and they attacked. and killed the dog .The incident happened 2 months ago . she told me that at the moment she uses a small gate when going or removing the bin and she made another gate to prevent them going out.
