Note: Any concerns noted in this table must be explained in detail in the Inspector's report.

Report/Findings:

Upon inspection, the two dogs were observed free roaming the property. The male Pitbull was observed with tick infestation whereas the African was free from ticks. The both dogs appeared to be in acceptable condition. The said Pitbull was found to have what appeared to be a medical condition requiring Veterinary attention. A warning was then issued regarding the stipulated concerns. Findings we discussed the abuse allegation and the response

Action taken: (i.e. warning, education, seize, etc) was fruitless. The complainant also arrived and apologized for complaining verbally.
