Were Animals Seen on the Property: No

CHECKLISTS

General Report Comments: A welfare inspection was conducted at the above address for the purpose of examining the conditions in which the dogs are so kept. Upon arrival at the property, access could not be gained as the gate was locked. We then left a warning at the gate for a follow up inspection .

IFC615415

Complaint No.

Concerns Yes No

Water available

Adequate shelter available

Adequate space available

Clean living environment

Animal/s chained / tethered / caged

Animal/s in good condition

Veterinary problems / health concerns

Note: Any concerns noted in this table must be explained in detail in the Inspector's report.

The property was revisited and at the property we were assisted by Mr. Gerry throughout the inspection.

In terms of the initial complaint, we inspected two dogs of which appeared to be in acceptable condition.

The dogs were sheltered, fed and watered adequately upon inspection. They were kept in an area affording adequate space. Further, the complainant was advised on the relevant legislation for the barking

nuisance caused by the dogs. No welfare concerns noticed which would have warranted our intervention consequent to inspection.
