CHECKLISTS

General Report Comments: The below complaint was received and investigated. Firstly, we engaged with the complainant as to gather more information regarding the incidents whereby the dogs were reportedly being burned with hot water. While conversing with the complainant, she decided to surrender one dog to the Tshwane SPCA of which was later collected. The dog indeed sustained injuries and it was later put to sleep due to poor prognosis. We determined that the complainant only had one dog under her care. Further, we provided guidance where possible and we are yet to receive an affidavit from the complainant in regards to the dog burning incident so as to pursue charges of animal cruelty
