General Report Comments: The africanus dog was on long chain ,+_5m static
Was released before my depasture.
The jack russel x appeared to have bad mange.
The owner said was last treated by Dr Govender.
She showed us metacam bottle.
Told her that she needed to bring the dog to our clinic because she said she is un employed .
1 x cat ,africanus dog are booked for sterelisation on 14 June.
And she will bring the dog with skin condition for check that ssme day.
She said she only chain dog if she is going out because if she is not the the dog jumps the
fence.fence is too low 1,3m
Most of the time her daughters are at home.
