General Report Comments: 18/08/22 3:00pm
There were 2 Pitbulls in the property Male and Female
The Brown Male dog was taken to Manors Vet on the 17/08/22 for treatment but the owner couldnot pay for Vet treatment instead the dog was vaccinated and returned back home .
The Vet said she advised the owner of the dog to treat skin condition but owner didnt have money thus why the dog was not treated.
I issued a Final warning for the owner to take the 2 dogs for Vet treatment before 22/08/22. 9:00 am then failure to do that i will apply for warrant and remove the dogs because i have offered to take the dogs to spca clinic for Vet treatment but he refused.
