CHECKLISTS

General Report Comments: Mr Msi admitted to myself and Inspector Petros Simamane that he did injure the egyptian goose with a plastic broom.
He said the goose was eating his lunch bread and he was chasing the goose out of the property to prevent it from eating his lunch bread.
He was very apologetic for his actions saying he didnt mean to cause any injury to the bird but wanted to chase it away from his food.

Warning was issued to him that he must never harm any animal and if he needs help with any animal he must contact spca for assistance to avoid any prosecution.
