General Report Comments: The owner of the dogs said to me that its the complainants dog that came to his property then the Pitbill attacked the dog.  
The fence at the back has got holes.  
I advised the owner to fence off his yard to prevent his dogs getting out or other animals coming inside his property.  
I advised sterilisation but the owner was not keen.  
Education on deworming, vaccinations, obedience dog training was advised to the owner.
