General Report Comments: The owner contacted me on the 24/02/2023 and arranged for me to go fetch the 2 dogs with skin condition on the 28/02/2023.
There were 4 dogs on the property.
2 puppies and 2 adult dogs all females.
The 2 puppies had skin condition and the owner signed them over to the spca as she cant afford Vet treatment.
There are only 2 adult female dogs left on the property.
I advised the owner to deworm her dogs, vaccinate them and get tick and flea treatment and also to socialise their dogs.
Owner said she will contact spca for sterilisation once she gets money.
