General Report Comments: On the 1st of February Petra and myself returned to the property and met with the owner. He showed us the gas tank that he is using to gas the chick's. There were no chick's to gas on the day of our visit. He told us that he doesn't do the cross border anymore but there are people from Lesotho who claimed to have permission to cross but he has suspected the dealing with them until the border opens again. He got few generators ,he buys his eggs from Keystone hatcheries,he said all his chick's are vaccinated with standard vaccine. He said we can come to check the procedure on Sanday 10 February or 14 Feb
