General Report Comments: Went to Wild and Raw and the owner Anneke Du Plessis came to chat to me. She said the menagerie were there last about 3 weeks ago. Anneke said that there was so much bad social media about it that she wont have them on her premises again. She said that as far as she knows they do have a PAPA licence. Anneke said that they brought in a ball python, bearded dragon, miniature goat, lamb and 2 owls. She said that the one owls wing was broken and that it was an old injury. The menageri is run by two twin sisters. They do travelling Menagerie and also have animals on the premises that they stay in, in Hiliary.
