General Report Comments: The property is fully fenced and gated. There were 5 pitbulls, they were all inside the property. All dogs were inside the property.
Owner denied that her dogs are getting out of the property. She said there are a lot of stray dogs in the area. I advised her about a lot of pitbulls and advised her about sterilization. Warning was issued to keep her dogs inside her property. 4 of her dogs are booked for sterilization on 17 April.
Then I went to 193 Annet drive (complainant's house) she owns 4 dogs, dog that was bitten had not been taken to the vet. She was expecting the owner of the pitbulls to pay for her dogs' medical bills. The dog was brought into the clinic for treatment. We also issued her with the warning and advised her to sterilize her dogs.
