CHECKLISTS

General Report Comments: Sarah and i went to the premises and maid was there and said no one was home. While we were there a lady drove up behind us and she said she stays at the property. She denied us access. I called Michelle from phezulu which organized police for me. I also gave ezemvelo a call. While we were waiting for the police the ladies brother Suhail wanted to drive out and we said no as we were concerned that the cubs were in the bakkie. When the police got there the lady agreed to allow us on the property. While we were searching her property her brother had put the cubs over the wall and he went over the wall with the cubs. We found the cubs in the neighbour's driveway and Suhail had fled. I brought cubs to the spca. National council came and collected the cubs on Friday 24th May and have taken them somewhere safe and suitable for them.
