General Report Comments: Upon arrival i was with Field officer King

I hooted and the maid came out who introduced herself as Shamillah. She couldn't grant us access as she was the only female on property. I then requested to speak to his boss "Mohamed" and Shamillah contacted Mohamed on her phone. She explained that SPCA is outside the gate for follow inspection.

I then spoke to Mohamed who told that the dog has been booked for grooming and i requested proof that he couldn't provide. I then informed Mohamed that I'll leave a warning behind as he told me previously that he will groom the dog before friday.

The dog named Zena was observed roaming freely on property through the gate. The dog has matted coat and clinically alert.

I issued a warning
To groom the Animal/s within 72 hours & keep them in a fit and healthy state at all times.

Zena was observed with matted coat and you told me that there is an appointment for the dog to be groomed.

You have an option to surrethe dog to Kloof and Highway SPCA and unable to render the above mentioned may lead into further actions taken against you in terms of the Animals Protection Act 71 of 1962.
