General Report Comments: Upon arrival i met Senzo who granted me access to enter the property. The dog in question is kept in the backyard

Upon inspection the dog in question was roaming freely and it has access to adequate wooden kennel. The dog in question has accsss to drinkable water and the living licing environment is clean. The dog in question was observed in a good condition.

I questioned Senzo if do they put the dog on a chain. He then claims the neighbor is the complaint and i told him i received an anonymous complaint. He further stated the dog rips of the clothes on the washing line and it escapes. I told him that if a dog is a problem he must surrender the dog to SPCA

I educated the owner about 5 freedoms of the animals protection act 71 of 1962. I further told him that the animal must express animal natural behavior.
