General Report Comments: Dogs always under the trucks so they are dirty. Told guy to please try and keep them clean. They have all got kennels. He said he will organise female to be sterilised. He admitted that the dogs did get out and said maybe the African kids threw Stones at it. He said he would never hard his dogs. He has repaired the fencing so that the dogs don't get out. I phoned complainant today and he now says it was a white person that did it and that they came from that property. He did not mention this in the original email. Will go back to premises tomorrow 1 August yo see if there is a white person that works there.
