Vukile Mkhize agreed that he will point the houses where these dogs that are in the video can be found as he doesn't own any dog.

I was then accompanied by the SAPS to visit these houses to where the dogs are kept. 1st house there was no one home and on the 2nd house there was no one. Vukile Mkhize and the mother then informed us that it will be a bit difficult to find the owners of the dog as they are working and suggested it better if we visit the area after hours. SAPS suggested it better if I visit the houses on weekends as the area is not safe at all and with the shortage of vehicles at the station it will be a bit difficult to get an escort as I'll have to wait long hours.

I then requested permission from Jabulisile Mkhize who is the mother if I can take the boy (Vukile Mkhize) to UMngeni River so he can show me where the incident happened. Jabulisile agreed that the Vukile can show me where the incident took place .

We went with Vukile to Umngeni River. It a big river that has a strong current as a sign that the river is flowing. I searched for the carcass and I couldn't find the dog that died after it was attacked by 3 pitbulls.

Vukile than told me that one dog already died as it was sick .

I had to do my best to ensure that the pitbulls are signed over by the owners.
