General Report Comments: Upon arrival i met Farai who granted me access to enter the property.

I shared a nature of complaint and he told me that we can go to the backyard where the dogs are kept. We then went to the backyard and where the dogs are kept. The owner is a foreign national

Three dogs were observed in the backyard roaming freely at the backyard. The dogs appears to be in a good condition and clinically alert. The dogs have access to adequate shelter and 2 wendy houses. The living environment is clean and hygienic and the dogs have access to portable water provided in two 20 litres buckets. No dog appears to be sick or injured and all the dogs are sterilized.

I then questioned the owner regarding the barking of the dog and he explained that when the dogs hear a people talking from the road they bark.

On my inspection there is no contravention of the Animals protection act 71 of 1962 and there is no further action that can be taken. I strongly believe the case can be closed as there is no contravention regarding the Act.
