General Report Comments: Upon arrival i hooted and shouted. Lwazi came out and i shared a nature of complaint.

He granted me access to enter the property and i observed the dog in question named Italy. The dogs was kept on a static chain that is 3 meters long and it was tangling there was no water provided for the dog. I instructed the owner to provide water and he provided water immediately.

The kennel was placed on the right hand side of the house and I told the owner that the dog must reach the kennel at all times. The living environment is clean and hygienic. The dog in question appears to be in a good condition. Lwazi further explained that the dog jumped the fence and went to the neighbors house that is number 10. He showed me the holes on the fencing that is broken and he told me they will fix it with the neighbor within 7 days.

I issued a warning that the owner must provide runninh chain for the dog within 7 days, so the dog can express animal natural behavior.

I then told him that the runner must be temporary not permanent until the fence is fixed.
