General Report Comments: Upon arrival i met Kerry who granted me access to enter the property.

I shared a nature of complaint and she was frustrated wanting to know the complaint and i told her i don't know the complaint.

Two dogs were observed on property and they appear to be in a good condition . Both dogs are roaming freely on property and they have access to shelter that can protect the dogs from all weather elements. There are two beds to elevate the flooring and the living environment is clean.

The dogs have access to portable water and the Bull terrier is albino however the is medication to protect the skin of the dog. There is also sunblock that the owner applies on the dog.

In term of the Animals Protection Act 71 of 1962. There is contravention of the animals protection act. There is no further action that can be taken. I strongly believe the case can be closed.
