General Report Comments: I observed that the male unsterilised Pitbull husky cross was tied up on a short shain no shade, no water and tangled. The lady I met Sharmaine was adamant the dog is just been tied up not long , I did tell the complaint is received long then.I then issued warning to have the dog released from the shane and further provide adequate facilities ie a proper running shane,housing facility when on shane.On the following day 21 August 2024 the dog was released, I went with Petra to follow up.
