General Report Comments: Upon arrival, I hooted and Shaun came out who was a tenant. I shared the nature of the complaint and he told me the dog was roaming freely but he would call the owner as she was home.

I then requested him to call the dog and he did. The dog came running with a leash around the neck. Shaun then went to call the owner and I met Emily then I was granted access to enter the property. The living environment is clean and hygienic. The dog has access to water bowls and a bucket. The dog has access to adequate shelter.

I then instructed the owner to cut the leash off that is around the neck of the dog . The owner further showed me the gate is broken and the dog normally goes outside. They tie a dog to the tree when they are driving out to ensure the dog doesn't escape. After they drive out they ensure the dog is roaming freely.

Education:

I made it clear to Emily that you can't attach a leash to the dog at all times. It is against the and she agreed it won't happen again.

The dog was roaming freely when I left the property.

There is no contravention of the Animals Protection Act 71 of 1962 and no further action can be taken regarding the act. The case can be closed.
