General Report Comments: I was accompanied by lindokuhle on this inspection Lindokuhle showered his authorisation from Magistrate that he is allowed with the consent of the owner to examine the living condition of the animals on the property

The property is separated in different sections 4 in total

Enclosure 1
This is the front yard from the main gate 4 dogs were observed roaming freely all dogs have access to water and shelter .All dogs there were female all sterilized, good condition

Enclosure 2
In this section 6 dogs were observed roaming freely having access to portable water and shelter all 6 of them are booked for sterilization they in good condition

Enclosure 3
This section called braair area where 6 dogs are kept they have access to portable water and adequate shelter all dogs there appears in good condition and living in clean environment

Enclosure 4
There are 5 dogs there all in good condition they have access to portable water and adequate shelter one dog is kept inside the house due to age it still in acceptable condition

Cariy only owns 8 dogs the rest she's fostering for blue bundu organisation all dogs have sufficient space to roam around and environment is clean her husband has bought a sheet metal to cover the fence so dogs won't back to too much on people that are passing by so the back doesn't affect the neighbors 3 dogs appears to have fly stroke the owner is using fly and insect pray
